Serial No..

Action to be taken to give effect to Regulation VII of 1931 amending the Village Panchayet Regulation.

Kind reference is invited to Section 2 of Regulation VII of 1931 amending Section 1 of the Village Panchayet Regulation so as to empower Government to exclude from the operation or the Regulation any village forming part of a local area under the administration of a Sanitary Board constituted under the provisions of the Mysore Mines Regulation. A list of the villages which have to be excluded from the operation of the Regulation in the area under the control of the Kolar Gold Fields Sanitary Board will, if approved, be called for.

2. In this connection, kind reference is also invited to para 4 of the notes in L.B. file 161-30-11. The Deputy Commissioner, Kolar District, will, if approved, be consulted as to the extent to which the number of members representing rural areas having the Village Panchayet system has to be increased on the Sanitary Board and how many seats will have to be reserved for representing areas to be placed under the direct control of the Sanitary Board.

Kg

under the direct admn of the Board and that the number of non officials nominated by Govt to represent the rural area be increased from 1 to 2. The existing and the proposed strength is given below :—

	Present	Proposed
Elected by the Mining Bd	7	7
Ex officio members	7	7
Elected non officials	3	4
Nominated non official	1	2
Total	18	20

12) As regards exclusion from the operation of the V.P. Regn, of certain villages under the admn of the Sawy Bd, the Board have resolved that seven villages noted in the Rule 'including the entire area comprised in the Mining Blocks' be so excluded. The villages within which this mining area falls have not been specified. Under the proviso to sec (1) (3) of the V.P. Regn as introduced by Regn V. 11 of '31, it is only "any village" that can be excluded from the operation of the V.P. Regn & not parts of a village. It is therefore for consideration whether the proposal to exclude 'the area comprised in the Mining blocks', without specifying the villages through which the area extends, is in order, the boundaries of the mining area may perhaps be ascertained

13) The Law Dept may perhaps be consulted,

14) It is however difficult for administrative purposes if a village is divided into 2 areas, one coming under the Sawy Board area and the other under the V.P.

The area referred to seems to be intended to mean the patta gone or otter gone seed villages included in the mining blocks. Nos

No part of a village are proposed. The village boundaries enclosed in red in the plan show the portions thereof situated in the mining block from the entire village Nos

Ex 5a

The Deputy Commissioner,

Kolar District.

I am directed to invite reference to Section 2 of Regulation VII of 1931, published on page 10, Part IV of the Mysore Gazette dated 7th January 1932, amending Section 1 of the Mysore Village Panchayet Regulation so as to empower Government to exclude from the operation of the Regulation, any village forming part of a local area under the administration of a Sanitary Board constituted under the Mines Regulation, and to request you to forward a list of the villages which have to be excluded from the operation of the Regulation in the area under the control of the Kolar Gold Field Sanitary Board.

2. I am to state, in this connection, that there are, at present, on the Sanitary Board, 2 members elected from the rate payers of Robertsonpet, one elected by the rate payers of Andersonpet and one member nominated by Government to represent other area under the control of the Board; and representations urging the necessity for the increase of non-official members on the Board are being made to Government from time to time. Government would be glad to have your opinion as to

(1) the extent to which the number of members may be increased, and

(2) the number of members to be appointed or elected to represent.-
(a) rural area having the Village Panchayet system, and
(b) the area which will be under the direct control of the Sanitary Board.

I have the honor to be,
Sir,
Your most obedient servant

To

R. RANGA RAO, ESQ., B.A., B.L.,
Secretary to Government of Mysore,
General Department, Bangalore.

SIR,

In reply to your letter No:L.5438/L.B.116-31-1 dated 1st/2nd February 1932 ~~xxxthe~~ calling for a list of the villages which have to be excluded from the operation of the Village Panchayet Regulation in the area under the control of the Kolar Gold Field -- Sanitary Board and my opinion in regard to the increase of non-official members on the Board, I have the honor to submit herewith for the kind approval of the Government, letter No:C.15/29-30 dated 8th March 1932 from the President, Sanitary Board, Kolar Gold Field, enclosing the resolution of the Board praying that Oorgaum, Sonnakuppam, Nachakapalli, Pottepalli, Masikam, Gonimakanapalli and Gollahalli including the entire area comprised in the Mining blocks may be excluded from the operation of the Village Panchayet Regulation and brought under the direct administration of the Kolar Gold Field Sanitary Board with effect from 1st July 1932. The letter explains the case in full. I am satisfied that this is the minimum area to be excluded from the Panchayet Regulation so that the Mining blocks and settlements and the Urban addition to it outside the Mining blocks such as Robertsonpet and Andersonpet can be properly conserved and administered. I request that this may kindly be approved.

2. In the plan accompanying the Sanitary Board President's letter, the area within the yellow lines is the Mining Board area. The area marked in red lines shows the boundaries of the villages now to be excluded from the operation of the Panchayet Regulation. The towns of Robertsonpet and Andersonpet and the Mining blocks fall under the original village boundaries ~~and~~ one or other of these villages.

3.

Office of the President, Sanitary Board,
Kolar Gold Fields,
Dated, Champion Reefs, 8th March 1932.

From

The President,
Sanitary Board, K.G.F.
Champion Reefs.

To

The Deputy Commissioner,
Kolar District, Kolar.

Sir,

I have the honour to state that the question of bringing certain areas contiguous or in very close proximity to Robertsonpet or to the Mining area has been under the consideration of the K.G.F. Sanitary Board for some time past. The proposal, however, could not make any definite progress, at the time, as it involved the amendment of the Village Panchayet Regulation II of 1926. But since then, the said Regulation has been amended and under the new proviso to Sub Section (2) of Section I of the amended Regulation VII of 1931 the Government have the power to exclude any village comprised in the area within the local jurisdiction of the Sanitary Board from the operation of the Village Panchayet Regulation.

2. The Board again considered this subject at their last meeting held on 19th February 1932, when it was resolved that the Government ~~may~~ be approached with a request that the villages and areas noted in the margin be excluded from the operation of the Village Panchayet Regulation and be brought under the direct administration of the K.G.F. Sanitary Board with effect from 1-7-1932. Copy of the Board's said resolution is enclosed together with copies of the Board's previous resolutions on the subject, dated ~~xxxxxxxxxx~~ 20-12-29

1. Oorgaum.
2. Sonnakuppam.
3. Nachakapalli.
4. Pottepalli.
5. Masikam.
6. Gonimakanahalli.
7. Gollapalli.

and including the entire area comprised in the Mining Blocks.

22

for reference.

3. The object of the Board in proposing to exclude the said villages and the area comprised in the mining blocks from the operation of the Village Panchayet Regulation is to bring them into line with Robertsonpet in respect of efficient Sanitary administration, effective controlling of epidemics, providing increased facilities like water supply, electric lights, improved conservancy, drainage etc., as also in respect of a more equitable and proportionate scale of taxation, more suited to and justified by, actual local conditions. Robertsonpet town is urban in character and its scale of taxation is also urban. It is comprised of lands belonging to the villages partly of Sonnakuppam, Nachakapalli, Pottepalli and of Oorgaum. Sonnakuppam village proper is contiguous to Robertsonpet and is not distinguishable from it. Nachakapalli village is within 100 Yds. of Robertsonpet. Oorgaum village is within one or two furlongs of Robertsonpet market. The lands of Pottepalli are alongside of the Champion Reef Mines area and the Circuit House of Robertsonpet. These villages of Oorgaum, Sonnakuppam, Nachakapalli have been already given certain facilities like electric lights and water supply at the cost of the Sanitary Board in addition to the provision of daily conservancy. Similarly, the area now commonly known as Andersonpet is comprised of lands belonging partly to the village of Masikam, the Jodi villages of Gonimakanapalli and Gollapalli. Andersonpet is in all respects similar to Robertsonpet but whereas Robertsonpet is subjected to an Urban scale of taxation, Andersonpet is still under the Village Panchayet Regulation and is being taxed according to the scale of taxation prescribed in the said Regulation and by more than one Village Panchayet due to its heterogeneous composition. A scheme has been sanctioned and the work is under execution for giving water supply facilities to Cooly Colonies in Masikam limits at a cost of over Rs.3,000/- . The residents of Oorgaum and Andersonpet have been representing to the Board that they may be given water supply facilities like Robertsonpet and the Board have these schemes seriously under consideration. All these areas are Urban

or suburban in character and their individual resources under the Village Panchayet Regulation are comparatively limited, out of all proportion to the responsibilities they have to discharge and it is therefore necessary that they should be brought under the direct administration of the Board.

4. As regards the area comprised in the mining blocks, it may be stated that there are, at present in the said area a considerable number of shops and places of business, like Messrs Spencer & Co., & The English Warehouse, as well as - buildings which are owned by private individuals: these are now being taxed by the respective Village Panchayets within whose local jurisdiction they happen to be located and according to the Village Panchayet scale of taxation. The parent villages or the Village Panchayets levying the said taxation have no immediate or direct touch with these buildings and shops in the mining area, which properly fall under the direct control of the Sanitary Board as the Central Local Authority for the entire K.G.F. area.

5. The proposal of the Board will result in the removal of the present anomolies in administration, in the introduction of a more equitable and proportionate scale of taxation and the providing of facilities like water supply, electric lighting, improved drainage etc. which the Village Panchayets within their limited individual resources cannot possibly undertake for a long time to come. As under the amended Regulation it is only entire villages that can be excluded from the operation of the Regulation, the Board have resolved that the said villages and the area comprised in the mining blocks be excluded from the operation of the Village Panchayet Regulation.

6. A statement showing the relevant statistics pertaining to the villages in question is enclosed, together with a sketch of the Sanitary Board area showing the mining area as well as the other areas now proposed to be excluded from the operation of the Village Panchayet Regulation.

7. In the circumstances, I have the honour to request that

that you will kindly obtain the sanction of Government to the resolution of the Board to exclude the said villages and the area comprised in the mining blocks from the operation of the Village Panchayet Regulation under proviso to Sub Section (2) of Section I of the said Regulation and to bring them under the direct administration of the K.G.F. Sanitary Board as from 1st July 1932;

I have the honour to be,

Sir,

Your most obedient servant,

Vedanayakam

For President,

GENERAL SECRETARY 14 JULY 1932 No. L 22

SIR,

In reply to your letter No:L.22/L.B.116-31-5 dated 30th June/2nd July 1932 requesting a report on the petition from Mr.V. Seetharama Naidu and other ryots of Oorgaum village objecting to the exclusion of their village from the operation of the Village Panchayet Regulation, I have the honor to state as follows:-

In selecting villages for exclusion from the Village Panchayet Regulation and placing them under the direct administration of the Sanitary Board, I have included only those villages - of which some portion or other is already included in Robertsonpet, Andersonpet or in the Mining Settlements. As Government are aware from the previous correspondence, the necessity for amending the Panchayet Regulation and taking over this power to exclude villages from Panchayet Regulation arose in order to clarify the present - administration of Robertsonpet and Andersonpet and the Mining Settlements. In amending the Regulation, the Government have not taken power to exclude portions of villages from the Panchayet Regulation. Entire villages have to be so excluded. There was therefore no option except to exclude all the villages, any portion of which is included in Robertsonpet, Andersonpet or in the Mining Settlements.

With this general observation, I shall now deal with the objections raised in the petition, seriatim:-

(i) The Panchayet has no doubt constructed a Village Hall, opened a new road and also repaired some wells. But all these were rendered possible by the accumulated savings handed over to the Panchayet from the Sanitary Board as the collection of four or five years were held in deposit pending the decision as to the administration

conservancy and scavening of the Oorgaum village proper.

(iv) The Oorgaum village will not be able to provide funds or recurring charges for the provision of Bethamangala water supply to that village. A few donations will not themselves solve the problem. I have been at this problem for several years past, even from the time I was the Special Magistrate, Kolar Gold Field in 1923. At present, I have a project which costs about Rs.8,000 for initial outlay. But the recurring charges payable on the water consumed - would be about Rs.400/- a month or Rs.4,800/- per annum. The Panchayet will certainly not be able to meet this amount. But by bringing the village under the direct administration of the Sanitary Board, the Panchayet will be benefitted substantially from the general fund. It is necessary that Oorgaum which is the biggest original village should also get the benefit of improvements effected on the Kolar Gold Field. On this one ground alone, I would strongly urge the bringing of Oorgaum village under the direct administration of the Sanitary Board.

(v) I have already pointed out that Robertsonpet includes a portion of the Oorgaum revenue village limits. It is therefore incorrect to say that this village has no connection at all with Robertsonpet. But as regards the apprehension that various enhanced rates and taxes and cesses would be introduced under the new regime, I may state that in the preliminary discussions both in the Sanitary Board and in the village, I have indicated that as far as possible the present house - tax in the villages newly brought under the direct administration of the Sanitary Board will be adopted as the basic house tax to start with, in respect of the houses of agriculturists. The only additions will be 1/6 of the house tax as lighting tax and 1/3 as water tax when these conveniences are given. Conservancy cess as in Robertsonpet will also be levied on all tenements liable to such cess under the rules. Every effort will be made to make the transition as smooth and easy as possible

(vi) I do not consider that any fresh committee is necessary. I have discussed this question in detail both in Oorgaum village and in the Sanitary Board in which there is a preponderant non-official majority. The proposal affects not merely Oorgaum village but also the Mining Settlements, Andersonpet and the other villages. The opinion

OFFICE OF THE DEWAN
OF MYSORE.
Date of Receipt 20.6.32
Petn. Regr. No. 2240

To

THE DEWAN OF MYSORE,

B A N G A L O R E.

Honoured Sir,

We the undersigned ryots of the Ooregum Village in Bowringpet Taluk, Kolar District (within the area of the Kolar Gold Field Sanitary Board) beg to submit the following objections to the notification dated 19-5-32 calling for objections re: excluding our village with some other villages from the Village Panchayat System and including the same under the direct control of the Sanitary Board.

We beg to submit that the system of Village Panchayat was introduced into our State only in the year 1927-28 and we have not yet fully enjoyed the advantages or disadvantages of this system.

During this short period of five years, we have effected many improvements in our village such as constructing Village Halls, Sinking and Repairing Wells and Putting up new roads under the supervision of the Deputy Commissioner, which the Government are aware of. (1)

By abolishing the Panchayat System and bringing back these villages under the control of the Sanitary Board, we submit that we will be losing the little enthusiasm and training in managing our own affairs we were able to pick up through experience. Government also will be frustrated since it is the design of Government to train up people in the administration of Self-Government. (2)

We further beg to submit that we have also requested the Sanitary Board and the Government to include in our Panchayat the income from the Someswara Block in our village limits and the income realized by various other sources, with the help of which we will be able to meet the other needs such as getting water, &c., in due course and we beg to submit, Sir, that some Gentlemen of this village have also promised to give our Panchayat heavy donations like Rs.500/- and Rs.1,000/- to get water facilities to our village.

(3) What is the income from Someswara Block? Bm 8/7/32

(4)

During the last Conference of the Village Panchayat, held in our newly built Village Hall with our kind Deputy Commissioner, Mr. A. V. Ramanathan, as President, we represented all the above facts and requested that we may be allowed to work for at least another two years to show Government that this Panchayat could meet all its expenses from collections. The Members and the Chairman of this Panchayat are taking a lot of trouble and much interest and are working very hard to bring this Village to the level of Big Towns.

We further beg to submit that we are sure that various enhanced rates of taxes and cesses would be introduced to keep up the balance and enhancements in these days of financial depression will be hardship to us poor ryots. This village has no connection at all with Robertsonpet to bring the same under the direct control of the Sanitary Board.

(5)

Should we be fortunate enough to run the Ooregum Village Panchayat for another two years, we are sure that we will be able to show much more improvements to the village.

We therefore, in conclusion, pray that our representations may be kindly enquired into through a Committee of non-official (majority) and official members.

(6)

We beg to remain,

Honoured Sir,

Your most obedient servants,

V Seetharamaiah
